The Tefal IXEO Power is an all-in-one iron, steamer, and sanitiser solution for complete garment care and home hygiene. This latest model is even more intuitive with more powerful steam than the original, boasting a steam output comparable to that of a boiler steam generator.

IXEO Power cleverly combines the functions of a garment steamer, a steam generator and an ironing board, while being much more comfortable to use and adjust. The exclusive and patented built-in Smart Board can function in multiple positions for the ultimate in versatility and ergonomic use.

And with home hygiene at the forefront of everyone's mind right now, the main unit and steam head detaches from the Smart Board so that you can steam and sanitise all around the house with minimal effort. Upholstery, curtains and even bed linen are ideal candidates for steaming, as the power of steam kills up to 99.9% of bacteria.
